How to Use

This is a fun and sometimes funny exercise you can use to have students try saying random phrases using a different tone of voice each time.

A student chooses a card with a random phrase on it.

They say the sentence using the tone of voice that is on the card.

The other students try to guess which tone of voice they are using.

If you don't want to use the phrases, you can simply have students say whatever they want and use the tone of voice cards on the last 3 pages instead.

Have fun!
